* First valuation list in the Metropolis under the Act of 32 & 33 Vict. c. 67 came into force on 5th April 1871.

† Second valuation list in the Metropolis under the Act 32 & 33 Vict. c. 67, came into force on 5th April 1876, and formed the basis of assessment concurrently with new assess-

ment under A. and B. for rest of the Kingdom.

‡ Third valuation list in Metropolis came into force on 5th April 1881, and formed basis of assessments under Schedules A. and B., the new valuation for the rest of the Kingdom, which takes place every third year, having preceded it on the 1st April 1879.

§ The apparent increase in this amount as compared with that of the previous year arises from the duty being charged at 3/10s of the rate in force, in lieu of the Parliamentary deduction of 3/4 being made from the gross rental of tithe free lands in England before being charged to duty. Allowing for this, there is an actual decrease of about 1,620,466l. in the net value of lands in England for 1882-83.

* A great change was made in the death duties in 1881-2, and from that date Property assessed to Probate Duty constitutes the true record of personality changing hands by death.
† In these two years the capital was abnormal in amount, the operation of the Land Act of 1881 and the fixing of Judicial Rents having led to delay in recovering duty due for former periods.

NOTE.—More precise information having been obtained as to the receipts of Local Authorities for the year 1882-3, it was discovered that in previous years large sums received in respect of the sale of gas and water by Urban Sanitary Authorities had been returned as receipts from Rates. The figures for previous years have been corrected so far as it is possible, and now show, as nearly as the accounts will allow, the receipts from Rates. * Partly estimated.

* First valuation list in the Metropolis under the Act of 29 & 33 Viet. c. 67, came into force on 5th April 1871.
† Second valuation list in the Metropolis under the Act 32 & 33 Viet. c. 67, came into force on 5th April 1876, and formed the basis of assessment concurrently with new assess-
ment under A. and B. for rest of the Kingdom.
‡ Third valuation list in Metropolis came into force on 5th April 1881, and formed basis of assessments under Schedules A. and B., the new valuation for the rest of the
Kingdom, which takes place every third year, having preceded it on the 1st April 1879.
§ The apparent increase in this amount as compared with that of the previous year arises from the duty being charged at 1/2ths of the rate in force, in lieu of the Parliamentary
deduction of 1/4th being made from the gross rental of the free lands in England before being charged to duty. Allowing for this there is an actual decrease of about
1,629,905l. in the net value of lands in England for 1882-83.

* A great change was made in the death duties in 1881-2, and from that date Property assessed to Probate Duty constitutes the true record of personality changing hands by death.
 † In these two years the capital was abnormal in amount, the operation of the Land Act of 1881 and the fixing of Judicial Rents having led to delay in recovering duty due for former periods.

NOTE.—More precise information having been obtained as to the receipts of Local Authorities for the year 1882-3, it was discovered that in previous years large sums received in respect of the sale of gas and water by Urban Sanitary Authorities had been returned as receipts from Rates. The figures for previous years have been corrected so far as it is possible, and now show, as nearly as the accounts will allow, the receipts from Rates. * Partly estimated.

From 1887-88 inclusive the interest on local loans is carried to the Local Loans Fund instead of to the Exchequer, under the provisions of the National Debt and Local Loans Act, 1887.

NOTE.—The Grants in Aid of Local Taxation formerly paid to the Local Authorities in England and Wales (2,650,000*l.*) and Scotland (300,000*l.*), and which formed part of the Imperial Expenditure, were discontinued in 1889-90 and 1890-91 respectively, and the receipts from certain Excise Licences were paid over to the English and Scottish Local Authorities in lieu of the Grants (*see* Table 11, p. 29).

† Estimated Amount.

‡ In addition to the loss by repeal of the Malt duty, Drawback was allowed on Stocks in hand on 30th September, 1880. This was estimated in the Budget at 950,000^l, but amounted to 1,329,017^l.

NOTE.—The loss to Revenue caused by the reduction of Taxes is in most cases less than the gain which the reduction affords to the taxpayer, because the loss to Revenue is generally recouped by an increased consumption or use of the articles taxed consequent upon the lowering of the duty. Hence the loss is not necessarily the measure of relief to the taxpayer.

* Amounts not specifically mentioned in the Budget.

† This is the actual decline in the produce of the Stamp Duty on Marine Insurances for one year after the alteration of the Duty. It is quite possible, however, that the improvement in trade may have obscured in part the loss of the Budget concession.

‡ The amount mentioned in the Budget was 25,000l., but that referred to the total repeal of the Licence which was not carried out.

NOTE.—The loss to Revenue caused by the reduction of Taxes is in most cases less than the gain which the reduction affords to the taxpayer, because the loss to Revenue is generally recouped by an increased consumption or use of the articles taxed consequent upon the lowering of the duty. Hence the loss is not necessarily the measure of relief to the taxpayer.

* The Budget Estimate of the additional duty on Bottled Wines applied only to the year 1888-9. In consequence, however, of a Resolution of the House of Commons the imposition of such additional duty took effect on 27th March 1888.

† After a lapse of nine years when scheme is fully carried out.

‡ Estimate to complete full amount when scheme is fully carried out.

NOTE.—As an increase of duty may lead to a diminished consumption or use of the articles taxed, the gain to Revenue is not necessarily a measure of the burden of the increase on the taxpayer.

NOTE.—The loss to Revenue caused by the reduction of Taxes is in most cases less than the gain which the reduction affords to the taxpayer, because the loss to Revenue is generally recouped by an increased consumption or use of the articles taxed consequent upon the lowering of the duty. Hence the loss is not necessarily the measure of relief to the taxpayer.

* Second valuation list in the Metropolis under the Act 32 & 33 Vict. c. 67, came into force on 5th April 1876, and formed the basis of assessment concurrently with new assessments under A. and B. for rest of the Kingdom.
† Third valuation list in Metropolis came into force on 5th April 1881, and formed basis of assessments under Schedules A. and B., the new valuation for the rest of the Kingdom, which takes place every third year, having preceded it on the 1st April 1879.
‡ The apparent increase in this amount as compared with that of the previous year arises from the duty being charged at this of the rate in force, in lieu of the Parliamentary deduction of 1*l*. 10*s*. 6*d*. being made from the gross rental of the free lands in England before being charged to duty. Allowing for this there is an actual decrease of about 1,623,052*l*. in the net value of lands in England for 1882-83.

* A great change was made in the death duties in 1881-2, and from that date Property assessed to Probate Duty constitutes the true record of personally changing hands by death + in these two years the capital was abnormal in amount, the operation of the Land Act of 1881 and the fixing of Judicial Rents having led to delay in recovering duty due for former periods.

NOTE.—More precise information having been obtained as to the receipts of Local Authorities for the year 1889-90, it was discovered that in previous years large sums received in respect of the sale of gas and water by Urban Sanitary Authorities had been returned as receipts from Rates. The figures for previous years have been corrected as far as possible, and now show, as nearly as the accounts will allow, the receipts from Rates. Repayments to local authorities on account of private improvement works executed by them, and previously included as rates, have also been excluded.

* Partly estimated.
